

Project Update:

Latest news from Australia's 'small but mighty' offshore wind project, Blue Mackerel.

January 2026

January Engagement Events

A warm welcome to 2026!

Over one of the busiest long weekends of the year, we have community engagement sessions planned in Seaspray and Woodside Beach:

Seaspray Public Hall

10am-3pm | Saturday 24 January
Outdoor marquee

Whether you live locally or are visiting over the break, this is a great opportunity to ask the Blue Mackerel team questions and raise any concerns about the project, be they technical, environmental, safety, social, or economic.

Social Impact Assessment (SIA) engagement

11am-1pm | Saturday 24 January
Inside Seaspray Public Hall

An independent Social Impact Assessment (SIA) is being developed for the Blue Mackerel project. Members of the Seaspray and Honeysuckles community are invited to participate in an SIA engagement session, facilitated by Nous Group.

Woodside Beach Surf Life Saving Club

10am-3pm | Sunday 25 January

Meet our project team of specialists who will cover our project visualisations, environmental assessments and the regulatory approvals framework, and community benefits program. Nous Group will also be available at this session for SIA discussions.

Complete our SIA survey

Understanding potential impacts on local communities (both positive and negative) across a range of areas including social, economic, and cultural heritage is an important part of the project development.

It will inform future community engagement strategies, Traditional Owner engagement, the project's community benefit sharing program, and ongoing evaluation and reporting.

If you haven't completed our survey already: [Click here](#)
Your confidential input is greatly appreciated.

Live locally?

We want to make sure we're sending the right information to the right people, especially about our local engagement events. If you live locally, please reply to this email with your suburb and postcode. This means we can be more specific with our future communications.

We acknowledge the Gunaikurnai people, the Traditional Owners of the land and waters where the proposed Blue Mackerel offshore wind project will be located. We pay our respects to their Elders past and present.

We aspire to a genuine partnership with the Gunaikurnai people that delivers mutual benefit and enhanced stewardship of the environment for the benefit of present and future generations.

We acknowledge the rights and responsibilities of all First Nations peoples for their lands and waters where we operate
